- 1=Below Average
- 2=Needs Improvement

- 4=Above Average
- 5=Excellent

Please note that while you are able to rate officials with a below average evaluation, this form will not replace the head coaches "Submit Feedback Form" on the ILOA site for concerns you have about officials, or games. In order for the ILOA to properly address any major issues or questions we ask that you follow the previously set forth procedure. Link for Submit Feedback Form below

<http://www.inlaxref.org/cfr1014>

Please fill out the evaluation to the best of your ability. This is one of the tools the ILOA would like to use to help better train, observe and assign our officials in the future, so while comments are optional, the more detail you can give, the more we can focus on those practices in the future.

If you score an official with a low score of 1 or 2 you will be asked to give an explanation as to your reasoning.
