

### 2025 Fees for Stop-Time Games

Level	Mins /Qtr	3-Man	2-Man	1-Man
10U (3/4)	8	-		50
12U (5/6)	10	-	60	90
14U (7/8)	10	-	60	90
Freshman	10	-	75	112.50
Junior Varsity	10	-	75	112.50
HS Varsity	12	85	105	157.50
College	15	125	150	225
Post-College Club	15	125	150	225

- Fees shown are per official. Fees in red denote extreme cases. We do not recommend solo crews at these levels.
- Normal crews are 2-man for JV and below, 3-man for Varsity and above.
- One-man crews normally occur only when a) assigned officials experience and emergency, or b) when no other officials are available to be assigned.
- For any game with only one official, the fee due is 1.5 times the 2-man rate.

## Cancellation Policy

- If the official(s) is on site at the appropriate time before the game, but it cannot get started due to uncontrollable circumstances (primarily weather), the official is due ½ game fee. Applicable mileage fees will still be due.
- Officials will be due ½ a game fee for any game postponed during the first half. It is up to the league to determine whether the game will be restarted or resume from the time of postponement. Either way the assigned officials are due a full game fee for the resumed game.
- Officials are due a full game fee for any game postponed after the conclusion of the 2<sup>nd</sup> quarter.
- Assigned Officials will be due 1/2 game fee for any game canceled due to controllable circumstances within 14 days of the scheduled game(s). If the game(s) is rescheduled the appropriate assigning priority will apply. This also applies to the second game of a double assignment (e.g. JV/Varsity or double-header).
- It is strongly recommended that any game that needs to be rescheduled, whether due to controllable or uncontrollable circumstances, be given at least two weeks' notice. If that is not practical, please notify the regional assigner. Any rescheduled games must still follow the priority day guidelines.
- Any game cancelled due to controllable circumstances will be given low priority if rescheduled on a date less than two weeks away regardless of whether it's on a normal priority day or not.

## Mileage Reimbursement Plan

In the event that no officials are available for assignment to regular-season games played in a designated region within the state, ILOA assigners may need to use (an) official(s) from outside that region. Because substantial travel is required in those cases, officials accepting such assignments shall be compensated at the rates described below. **NOTE: All reasonable efforts will be made to assign officials within their region or designated remote area before officials will be assigned to travel.**

### Regions

- A region is defined as at least three schools located within twenty miles of the region's designated start/end point. The designated start/end point is chosen to be centrally located within the region and include as many schools as possible.
- There are currently six regions: North Indianapolis, South Indianapolis, Fort Wayne, South Bend, Evansville, and La Porte County.
- Each official will be assigned to a region.
- Officials will not receive travel compensation for any games worked within their assigned region regardless of how far it is from their actual starting point.

### Remote Programs

- A team is considered remote unless there are two other teams' primary home fields within twenty shortest main route road miles in one more or less continuous direction.
- There are currently nine remote programs/areas: Crown Point/Munster, Chesterton/Victory Christian, Culver/Argos, Northridge, West Lafayette Harrison, Brownsburg/Avon, Bloomington/Edgewood, East Side, and Columbus.
- Any official living within twenty miles of a remote location will not receive travel compensation for games worked there.
- **PLEASE NOTE that neutral site games scheduled outside an identified region are subject to the same conditions as Remote program home games.** Example: Indianapolis-area teams scheduling games at Wabash College.

### Rate and Distance Calculation

- Round trip distance will be calculated using Google Maps' shortest main route.
- Each region will use the central-most field, designated below, as its start/end point.
- Each remote area will use its primary field location as its start/end point.
- Charged miles shall be the round trip distance minus 40 miles (representing comparable in-region travel for which an official is responsible).

## **Indiana Lacrosse Officials Association**

- Reimbursement is calculated by multiplying the charged miles by the previous years' IRS rate per mile. (Year and rate is displayed above the reimbursement chart that follows.)
- The total will be rounded off to the nearest five dollar amount.
- This will make a flat fee for every official in one region traveling to another region or remote location.

### **Distances and Fees**

The start/end point for each region:

<b>Region</b>	<b>Start/End Point</b>
North Indianapolis	Carmel High School
South Indianapolis	Whiteland Soccer Complex
Fort Wayne	Concordia High School
South Bend	Mishawaka Penn High School (includes Elkhart)
La Porte County	La Porte High School (includes New Prairie)

## Remote to Remote travel

- An official residing in a designated Remote area may actually be closer to another Remote area than are individuals within an established Region.
- When possible, and in order to contain costs for those remote programs, such officials as described above will be offered assignments in neighboring Remote areas.
- In order to maintain fairness in travel expense, distance and remuneration calculations will be made and published here for Remote area “pairings”.
- If additional remote to remote travel pairings arise during the season, the ILOA will notify the IHSLA of potential costs.
